

## Map of Ag: Job Vacancy

### Role: Project Manager

Location: Penrith, Cumbria

Salary: £28,500 - £38,000 dependant on experience

Hours: 40 hours per week

**Map of Ag** is seeking a dynamic and motivated Project Manager to join our team in Penrith, Cumbria. This is your opportunity to deliver impactful projects that make a real difference to sustainable agriculture across the UK.

If you're passionate about the future of farming and food, and want to work for an innovative agricultural data connectivity and insights business, we'd love to hear from you.

### Why Join Map of Ag?

**Meaningful Impact:** Play a central role in building resilient, sustainable supply chains and supporting the food industry's growing demand for transparency and innovation.

**Collaborative Culture:** Work closely with talented colleagues across departments and engage directly with farmers and industry leaders.

**Exciting Projects:** From measuring greenhouse gas emissions across six supply chains for a major supermarket to delivering insights on animal health and welfare for leading milk processors, you'll be at the forefront of industry change.

**Career Progression:** This position offers excellent opportunities for growth within a fast-expanding company committed to sustainability and innovation.

**Competitive Package:** Salary £28,500 – £38,000, 40 hours per week, based in our Penrith office.

### Your Role

As Project Manager, you will:

- Confirm project scope and objectives, determining the resources and budget required for delivery.
- Develop detailed project plans, including key deliverables and milestones, to ensure objectives are met on time and within budget.
- Communicate responsibilities across Map of Ag teams, ensuring successful delivery in line with project scope.
- Manage projects effectively, including leading regular project meetings and tracking actions and timelines.
- Work closely with the Senior Account Manager to provide regular updates, highlighting progress and potential risks.
- Communicate directly with customers as needed, providing updates on project progress.
- Identify opportunities to improve project delivery processes, adjusting techniques and methods where required.

### What We're Looking For

- Excellent communication skills to engage internal and external stakeholders.
- Proven ability to solve problems logically and make sound decisions.
- Dynamic and capable of managing multiple projects simultaneously.

- Demonstrated leadership skills to coordinate colleagues involved in projects.
- Strong attention to detail, ensuring high-quality project delivery.
- Familiarity with project management software and methodologies (training can be provided).
- Background understanding of agricultural data (highly desired but not essential).

**Location**

This role is based in our Penrith office. Occasional travel to customer sites may be required but will be infrequent.

**How to Apply**

For further information, please call Helen Wilson on 01768 868472. To apply, email your CV and a short covering letter to [helen.wilson@mapof.ag](mailto:helen.wilson@mapof.ag).
